LIFE-SAVER SILVERTOWN

NYLON TUBELESS BLACK OR REVERSIBLE WHITE - BLACK

The Ultimate in Premium Tire Safety

**Road Hazard
Warranty
36 Months**

America's "peace of mind" tire — the tire designed with motorists in mind — who can't afford delays. Doctors and others who drive cars often used in emergencies — depend on the LIFE-SAVER — it seals punctures permanently — protects against skids — protects against bruise blowouts. Women drivers particularly like the

LIFE-SAVER — it gives them freedom from worry of flat tires on a lonely road at night! The LIFE-SAVER is a Premium tire that measures savings in terms of time and lives — the ultimate in premium protection — trouble free driving — for security minded families. Adds beauty and discriminating styling to the finest automobiles.

NEW HT SILVERTOWN

NYLON TUBELESS BLACK OR REVERSIBLE WHITE - BLACK

Road Hazard Warranty 27 Months

The amazing demand for the new HT is driving proof that **more people want better tires**. The HT premium quality tire is all new and nylon too — the extra Smileage tire that's "loaded" with extras. Extra wide tread — 13% wider. Extra deep tread — 6% deeper. Extra quiet — exclusive new BFG development in rubber compounding called "Quiet Rubber," makes the HT softer riding and quiet. It's extra good looking — especially in its new, sharp whitewall beauty.

More HT extras — 10% improvement in skid resistance on wet pavement — 12% on smooth ice — 7% in snow —

33% more traction on ice — 5% more traction in snow. Even when 50% worn, HT's have the traction and skid resistance of many new tires of ordinary design. HT's roll up extra mileage — 22% more than most regular first-line tires. . . And there's extra safety in every extra HT mile.

It adds up to true extra tire value — the kind of extra tire value that thousands upon thousands of HT users are finding "Doubles their tire Dollars" — as compared with so-called bargain tires. The kind of extra tire value that HT customers swear by as a tire that gives them premium quality performance equal to or better than tires selling at much higher prices.

NEW 1961 SILVERTOWN

TYREX RAYON TUBELESS BLACK OR REVERSIBLE WHITE - BLACK

LIKE
GETTING
AN EXTRA
TIRE FREE!

**Road Hazard
Warranty
24 Months**

New 100-level first line Silvertown — selected by car makers for new '61 models, because it meets or exceeds new car requirements for a good, all-around tire that provides the best combination of safety, skid resistance, traction, wear, quietness, and riding comfort per dollar!

It is exactly like its amazing HT Premium Quality Nylon companion Silvertown in principle and design. Both tires are closely related in price — only a few dollars difference in similar sizes.

The new '61 Silvertown differs from the HT only in the types of cords in the tires and slight differences in the actual dimensions of each.

The new '61 Silvertown is made with new improved Tyrex rayon cord — is 6% wider and same deep tread as previous original equipment tires. Gives 25% more mileage than tires it replaces at no increase in first-line prices. Over the longer, safer life of a set of four (4) — it's "like getting an extra tire free." (See HT page for differences in cord, dimension and price of premium quality nylon tire.)

First Line Tires for Compact and Import Cars

All tires sold by BFG Retailers for American-made compact cars and imported cars are first-line quality — the same high quality tires selected for original equipment by American compact car manufacturers and furnished on cars imported from overseas car makers. BFG Retailers are headquarters for tires that fit practically all compact and import cars and

have the sizes and service to take special care of these car owners. Customers for these tires are assured of the same long mileage, safety and fine performance that millions of car owners enjoy year after year on new cars, as well as when they replace their tires with BFG original equipment, first-line quality.

NEW HIGHWAY PATROL SILVERTOWN

NYLON TUBELESS BLACK SIDEWALLS

**Road Hazard
Warranty
27 Months**

The new HIGHWAY PATROL Silvertown is designed, engineered and custom-built for service to States, Counties, and all agencies specifying and insisting on high performance tires — tires that must stand the gaff in high-speed police patrol operations and frequent emergency vehicle service. The name HIGHWAY PATROL vividly tells the tire's true performance character. This 4-ply nylon tire has a cord angle considerably narrower than the cord angle of ordinary tires — approaches the angle found in racing tires — prevents "shock wave" from setting up at higher speeds. (When shock wave sets up, it literally tears off sections of the tire.)

NEW B.F.GOODRICH LONG MILER

**TUBELESS • TUBE-TYPE • NYLON
BLACK OR REVERSIBLE WHITE-BLACK**

**Road Hazard
Warranty
21 Months**

B.F. Goodrich Long Milers mean L-O-N-G M-I-L-E-A-G-E for less money. Long Milers are comparable to or better than many advertised first-line, special brand tires. Long Milers have the same popular tread design as came on 1960 cars — average 25% more mileage — safer mileage than so-called bargain tires. They

provide excellent start-stop traction — give a quiet, comfortable ride.

The ideal tire for the second car in multiple car families, the motorist who plans to trade cars in a few months or any car owner who must consider both safety and economy.

B.F.GOODRICH SAFETY-S

NYLON • TYREX RAYON TUBE-TYPE • BLACK OR REVERSIBLE WHITE - BLACK

**Road Hazard
Warranty**

Nylon — 15 Months

Tyrex Rayon — 12 Months

The lowest price new tire in the BFG family of fine passenger car tires. Full size — wide 7-rib, full depth tread. Safety-S means — safe performance — service — skid resistance — sturdy construction — silent running — soft ride — smooth steering — and — SAVINGS! If it's a second car, an older model, a new-used car, the family farm-to-market car, or any

car that's used mostly around town — with occasional jaunts on the open road or turnpike — BFG Retailers know more about the best tires for all kinds of driving than anyone. And if the kind of driving calls for an economy tire — BFG Retailers can recommend the best — there's no better economy tire value than saving with Safety-S!

**Road
Hazard
Warranty
15 Months**

SAFETY-S NYLON TUBELESS

BLACK AND REVERSIBLE WHITE - BLACK

In popular 14" BFG Retailers can also furnish Safety-S economy tires in nylon tubeless construction — a truly fine tubeless tire value from B.F. Goodrich — the inventors of the tubeless tire!

All the features of the popular Safety-S — plus the advantages of the tubeless tire and bruise-resisting nylon cord construction. High in value — low in price! Best tubeless Safety-Savings combination.

SILVERTOWN HEAVY DUTY PASSENGER TUBES

The same high quality research, development, engineering, testing and manufacturing go into BFG passenger tubes which merit the name SILVERTOWN — the symbol of quality found in all B.F. Goodrich Silvertown tires. For the millions of motorists who use tires requiring

tubes, BFG Retailers have the right size at the right price — have tubes too for American-made compact and import cars. Tube-type tires perform better, safer, longer with B.F. Goodrich Silvertown tubes.

PASSENGER TIRE WARRANTY

Every new passenger car tire and tube bearing our name and serial number and which is not branded as a "second," is guaranteed to be free from defects in workmanship and material throughout the life of the original tread, without limit as to time or mileage.

In addition, all such passenger car tires manufactured subsequent to Dec. 31, 1959, of a type listed on our warranty certificate, when used in normal passenger car service, are guaranteed to the consumer first purchasing such tires, until the expiration of the specified service months — but not beyond the life of the original tread — against blowouts, fabric breaks, cuts and snags, which in our opinion render the tire unserviceable.

This additional guarantee does not apply to tires irregularly worn, damaged by punctures, running flat, fire, wrecks, collisions, chain cuts or obstructions on the automobile, nor does it apply to such tires when used on vehicles other than a passenger automobile. All claims presented hereunder must be accompanied by the presentation of a duly authenticated warranty certificate issued at time of purchase.

If our examination shows that such tire or tube has failed under the terms of this warranty, we will either repair it or make an allowance for unused service, measured according to tread wear and computed on our then current retail list price, on the purchase of a new tire or tube of our manufacture. The owner making the claim shall assume and pay reasonable service charges, transportation costs, and all Federal, State and local taxes incident thereto.

This warranty is made for the exclusive benefit of the owner actually using these products, is not assignable, and no claim hereunder will be recognized unless submitted on our standard claim form duly filled out and signed by such owner.

It is understood that we make no warranties except those expressly stated herein and that we will not be liable for damages to persons or property which may result from the failure of a tire or tube of our manufacture, regardless of the cause of such failure.

SUPPLEMENTARY INFORMATION ON NEW "ROAD HAZARD" SECTION OF PASSENGER TIRE WARRANTY

1. B.F. Goodrich Road Hazard Warranty provides for adjustments in accordance with conditions outlined in our Warranty, on the following new first class B.F. Goodrich tires when the injury occurs within the number of months specified.

2. Action required by BFG retailers on eligible sales of new BFG first class passenger car tires on and after January 1, 1961:

- Fill out Warranty Certificate.
- Give original to purchaser.
- Mail copy to BFG Zone Service Representative (or to BFG supply point for forwarding).

Possession or issuance of this price list shall not be deemed an agreement on the part of this Company to sell at the prices indicated herein. We reserve to ourselves the right to decline any order and to change the prices contained in this price list, without notice.

Tire and tube prices do not include Federal Excise Tax which is an additional charge as shown.
