## PASSENGER TUBE WARRANTY

Every new passenger car tube bearing our name and serial number is guaranteed to be free from defects in workmanship and material.

If our examination show that such tube has failed under the terms of this warranty, we will either repair it or make an allowance for unused service on the purchase of a new tube.

It is understood that we make no warranties except those expressly stated herein and that we will not be liable for damages to persons or property which may result from the failure of a tube of our manufacture, regardless of the cause of failure.

## PASSENGER TIRE WARRANTY

Due to the high quality of workmanship and materials used in the manufacture of B.F. Goodrich tires, every new passenger car tire bearing our name and serial number, and which is not branded as a "second" is guaranteed throughout the life of the original tread, without limit as to time or mileage, against defects in material and workmanship, and, when used in normal passenger car service, against blowouts, fabric breaks, cuts and snags, which in our opinion render the tire unserviceable.

This guarantee does not apply to repairable punctures, tires irregularly worn, tires damaged by running flat, fire, wrecks, collisions, chain cuts or obstructions on the automobile, nor does it apply to tires when used on vehicles other than a passenger automobile.

If our examination shows that such tire, upon its return to us, has failed under the terms of this warranty, we will either repair it or make an allowance for unused service, measured according to tread wear and computed on our then current retail list price towards the purchase of a new tire of our manufacture. The owner making the claim shall assume and pay reasonable service charges, transportation costs, and all Federal, State and local taxes incident thereto.

This warranty is made for the exclusive benefit of the owner actually using these products, is not assignable, and no claim hereunder will be recognized unless submitted to us in the U.S.A. or Canada on our standard claim form duly filled out and signed by such owner.

It is understood that we make no warranties except those expressly stated herein and that we will not be liable for damages to persons or property which may result from the failure of a tire of our manufacture regardless of the cause of such failure.

Possession or issuance of this price list shall not be deemed an agreement on the part of this Company to sell at the prices indicated herein. We reserve to ourselves the right to decline any order and to change the prices contained in this price list, without notice. Tire and tube prices do not include Federal Excise Tax which is an additional charge as shown.
